

98 Inch Crystal UHD DU9000 4K Smart TV (2024)

Price: Rs. 1,078,000.00 (Original Price: Rs. 1,099,999.00 - Save Rs. 21,999.00)

Features

- **AI-powered image enhancements tailored to a super large screen (Supersize Picture Enhancer)**
AI-driven upscaling, noise reduction, sharpness reinforcement and intelligent black enhancement technologies all work together to deliver an optimal picture tailored for a super-sized screen.
- **Get the motion clarity for the game content you love up to 4K 120Hz (Motion Xcelerator 120Hz)**
With exceptional motion enhancements, Motion Xcelerator 120Hz provides differentiated motion performance to support VRR games up to 120 Hz, so you can conquer every enemy - even at soaring speeds.

Viewing experience may vary according to types of content and format.

- **Upscale your entertainment with Samsung Tizen OS (Samsung Tizen OS)** Get more out of your TV with the latest apps & services on Samsung Tizen OS. Enjoy free live TV channels and thousands of movies with Samsung TV Plus, and seamless cloud gaming with Gaming Hub. You can even manage your daily activities with Daily+ and control your smart devices from your TV with SmartThings.

Content and service may vary by region and are subject to change without notice. Agreement to Smart Hub Terms and Conditions and Privacy Policy is required before use. Some contents and services require registration and subscription. Requires Samsung account to access the full range of Samsung Tizen OS features including the smart TV features and apps. If you choose not to login-in, you will only be able to connect to terrestrial TV(applicable to devices with tuners only) and external devices, e.g. via HDMI. You may need a separate device (e.g. PC or mobile) to create a Samsung account.

- **TV and soundbar orchestrated in perfect harmony (Q-Symphony)** Surround yourself with sound from your TV and Soundbar orchestrated in harmony. Q-Symphony technology allows TV and soundbar speakers to operate simultaneously for a better surround sound effect, without muting the TV speakers.

Check for Q-Symphony compatibility on soundbar product specifications. Soundbar sold separately.

- **Feel every color as it was intended in powerful 4K (Crystal Processor 4K)** Crystal Processor 4K lets the true colors of shows and movies shine with powerful upscaling technology, so you get up to 4K resolution for the content you love.

Viewing experience may vary according to types of content and format. Upscaling may not apply to PC connection and Game Mode.

- **Watch your favorite content in 4K (4K Upscaling)** Powerful 4K upscaling ensures you get up to 4K resolution for the content you love.

Viewing experience may vary according to types of content and format. Upscaling may not apply to PC connection and Game Mode.

- **Fine-tuned colors for a vibrant, lifelike picture (PurColor)** PurColor expresses the content you watch in vivid colors. It enables the TV to express a huge range of colors for optimal picture performance that translates into an immersive viewing experience.
- **Enhanced sense of depth and color (Contrast Enhancer)** Contrast Enhancer dynamically adjusts your screen's contrast, resulting in an enhanced sense of depth and color when you watch content.
- **Better contrast with rich darks and bright lights (HDR (High Dynamic Range))** High Dynamic Range increases the ratio between the lightest and the darkest regions in a scene, so you can enjoy an enormous spectrum of colors and visual detail, in both bright and dark scenes.
- **Easily discover and access all your games from one screen (Gaming Hub)** Samsung Tizen OS now acts as a convenient hub to your favorite cloud gaming platforms (no console required), over 3,000 console games and standalone apps. It recommends games based on what you already like to play, so you can quickly find your next favorites.

Only available in US/CA/UK/FR/DE/ES/IT/BR/KR/AU/MX. Available games and content may vary by country and model and are subject to change without notice. UI is subject to change without prior notice. You may need to download apps depending on the game or service. Certain games require a separate controller (sold separately). Internet connection and subscription may be required. Requires Samsung account.

- **Optimize your gaming experience (Game Bar)** Bigger and wider TV screens with 21:9 and 32:9 ratios give you expansive views and a heightened gaming experience. Optimize your gameplay even more with Game Bar for easy access to various game settings.

Super Ultrawide GameView(21:9, 32:9) is available for certain PC and console games supporting ultrawide screens. Some game titles may not support this feature. Game Bar's Zoom-in mode is not supported in some refresh rates. Game Bar UI is subject to change without prior notice. Screen resolution change from external device may be required.

- **Faster, smoother, low input lag gameplay (Auto Low Latency Mode (ALLM))** Auto Low Latency Mode sets optimal latency settings for your games automatically, allowing for smooth gaming and reactions to your commands.

Low input lag is measured based on internal testing conditions and it is subject to change according to game setting or specific conditions.

- **Immersive virtual sound that tracks the action (OTS Lite)** 3D surround sound with our virtual top channel audio allows you to be immersed in the audio experience.
- **Enjoy sound optimized to your content (Adaptive Sound)** Adaptive Sound has audio scenic intelligence that optimizes sound based on real-time scene analysis by content type.
- **Your TV as the control center of your home and IoT devices (3D Map View)** Better manage your home by intuitively monitoring and controlling your home appliances and IoT devices from a 3D map of your house. Easily view and get notifications on the status of your smart devices on your TV screen.

Image is simulated and for illustration purposes only. UI is subject to change without prior notice.

- **See it all on one screen (Multi View)** Watch what's on TV and your mobile on the same screen at the same time. Whether it's live stats for sports or cheat videos for games, simply connect your phone and

multi-screen like never before. You can also enjoy optimized multi-tasking and watch content simultaneously.

Number of available views and supported apps/sources depends on the TV model and can be updated without notice. Requires Samsung account. Multi View for mobile is available on Android 4.2 version or higher. For iOS devices, AirPlay is supported on iOS 12.3 or later. The actual UI may differ from the image shown.

- **Manage your daily activities and lifestyle more easily through Samsung Tizen OS (Samsung Daily+)** Through Samsung Tizen OS's open app ecosystem, Daily+ enables you to easily manage your daily activities and lifestyle from the comfort of your TV. Daily+ includes apps and services like SmartThings, Samsung Health, Workspace and more.

Samsung is not responsible for any third-party services, and is not liable for any damages or losses caused by any third-party services. Available service and the UI are subject to change without notice.

- **Do the SmartThings! (SmartThings)** Optimize your home devices into a smart lifestyle tailored to your needs. Enhanced with our built-in SmartThings hub, you can enjoy a customized smart home with various SmartThings-compatible devices that simplify your day-to-day.

Available technology, functions and features may vary by country, service provider, network environment or product, and are subject to change without notice. Requires a Wi-Fi, Bluetooth or other wireless network connection and login to Samsung account. Connected devices are sold separately. Use of calm technology requires agreement to both SmartThings' and the auto registered device's privacy notices. UI is subject to change without prior notice.

- **Work and learn from home (Workspace)** Access your PC, laptop and mobile devices easily and seamlessly on your screen. Now you can work and study straight from your TV.

Compatible with certain PC and mobile devices. Easy Connection application is available on PCs running Windows 10 OS and above. Samsung DeX is supported on selected Galaxy, Note, and Tab devices. Most functions of Workspace can be used by connecting the keyboard and mouse to the TV. Requires Samsung account.

- **Home is where the health is (Samsung Health)** Discover our new ecosystem on TV for a healthier lifestyle. Master your exercise with camera-powered workout coaching and keep track of your daily stats synced from the Samsung Health app.

Service is available in US, CA, KR, UK and IE. Smart Trainer support devices, partners and content may vary by country. Availability of service is subject to change without prior notice. Additional payment may be required to use certain Samsung Health services. The service requires the user to be logged in to the same Samsung account on TV as well as mobile device. Syncing of health data requires a compatible mobile device or wearable with support for Samsung Health. Sold separately. Camera sold separately.

- **Meet primary care physicians and fulfill your medical needs at home (Telemedicine)** Get medical care conveniently at home by seeing a doctor on your TV. Register your profile with your pre-existing conditions to receive medical prescriptions and use the app to choose a doctor to talk to about your symptoms. The large screen makes your experience closer to an in-person visit.

Additional compatible Samsung SlimFit cam or compatible Logitech webcam required. Sold separately.

Requires Samsung account. Samsung is not a medical professional and Samsung' role is limited to making

such third-party services available to you. Samsung is not responsible or liable for any advice, course of treatment, diagnosis or any other information, services or products that you may obtain through any third-party services, and is not liable for any damages or losses caused by such third-party services.

- **Choose the voice assistant you're used to (Multiple Voice Assistants)** Pick Bixby or Amazon Alexa to be the voice assistant you use to control your TV. For the first time, both are built into your Samsung TV to provide advanced control for your connected home and for an enhanced entertainment experience.

Samsung may at any time and in its sole discretion without prior warning or notice change the voice assistant services or suspend and/or cease providing the voice assistant services or any part of the voice assistant services. Content, TV services and capabilities pictured may not be available in all regions and territories. Requires Samsung account. Bixby voice commands recognize English (US/UK), French, Spanish, German, Italian, Chinese and Korean. Not all accents, dialects and expressions recognized. Amazon, Alexa and all related logos are trademarks of Amazon.com, Inc. or its affiliates.

- **Your privacy. Secured. (Samsung Knox Security)** Your privacy is now secured on Samsung TVs. Your sensitive data such as pin codes or passwords are protected by multiple layers of software and hardware. Also, Samsung Knox Security secures the home IoT devices connected to your TV and automatically blocks execution of unauthorized malicious apps or access to phishing sites. Lastly, Samsung's dedicated security team helps keep your TV safe with regular updates.

Secured by Knox' applies to Samsung TVs powered by Tizen, launched since 2015. Security software update is guaranteed for at least three years from product launch. Latest software update is required.

- **Saves energy with intelligent analysis (AI Energy Mode)** Energy saving is made easy with SmartThings. By turning on AI Energy Mode, your TV auto-detects surrounding light levels and analyzes usage behaviors to adjust the brightness, which helps in reducing overall energy consumption. It also analyzes TV content scene-by-scene to subtly adjust brightness where possible, to cut down on energy consumption.

Energy saving rate may vary by regions, models, sizes, viewing conditions or types of content. Products shipped in Eco Mode have some AI Energy Mode functions enabled by default, so energy saving levels by turning on AI Energy Mode may appear lower compared to Standard Mode. AI Energy Mode does not work with Game Mode. Energy savings based on internal test results and may vary depending on content being displayed and surrounding brightness levels.

- **A remote control made with recycled materials and charged by sunlight and indoor lighting (SolarCell Remote)** With a solar panel on its back that you can use for charging, you no longer need to use disposable batteries for SolarCell Remote, as they are not the best for the environment.

To charge the remote with solar energy, set the TV remote down with the solar panel facing up. Place it in your living room while your lights are turned on, or you can place it near a window where it will soak in natural sunlight. In case the remote's battery is depleted, you can charge it using a USB-C cable. To check the remaining battery level of the remote control, refer to the TV Menu. The design and button layout of the SolarCell remote may vary depending on the region. SolarCell Remote in 2024 TV models contains a minimum of 24% recycled plastic.

Specifications

Product Type

- **Type:** LED

Display

- **Screen Size:** 98"
- **Refresh Rate:** 100Hz
- **Resolution:** 4K (3,840 x 2,160)

Video

- **Picture Engine:** Crystal Processor 4K
- **Hdr High Dynamic Range:** HDR

- **Hearing Impaired Support:** Closed Caption (Subtitle), Multi-output Audio, Sign Language Zoom
- **Motor Impaired Support:** Slow Button Repeat, Remote Control App. for All

Power Eco Solution

- **Power Supply:** AC100-240V~ 50/60Hz
- **Power Consumption Max:** 510 W

- **Eco Sensor:** Yes
- **Auto Power Off:** Yes
- **Auto Power Saving:** Yes

Dimension

- **Package Size Wxhxd Mm:** 2369 x 1404 x 275 mm
- **Set Size With Stand Wxhxd Mm:** 2181.1 x 1298.2 x 402.3 mm
- **Set Size Without Stand Wxhxd Mm:** 2181.1 x 1244.1 x 63.5 mm
- **Stand Basic Wxd Mm:** 1505.6 x 402.3 mm
- **Stand Minimum Wxd Mm:** 455.6 x 402.3 mm
- **Vesa Spec Mm:** 600 x 400 mm

Weight

- **Package Weight Kg:** 73.50 kg
- **Set Weight With Stand Kg:** 58.30 kg
- **Set Weight Without Stand Kg:** 51.8 kg

Accessory

- **Remote Controller Model:** TM2360E
- **Webcam Support:** Yes
- **Zigbee Thread Module:** Dongle Support
- **User Manual:** Yes
- **Power Cable:** Yes

Reviews

1. This 98-inch screen is absolutely colossal! I was worried that regular HD content would look blurry or pixelated at this size, but the Supersize Picture Enhancer and 4K upscaling do an incredible job of keeping the image sharp and clear. It literally feels like having a private cinema in my living room. (5 stars, posted 2 weeks ago)
2. A dream come true for console gaming. Playing games at 4K 120Hz on a screen this massive is a surreal experience, and the Motion Xcelerator 120Hz keeps everything buttery smooth with zero lag. The built-in Gaming Hub is also super convenient for quickly jumping into cloud games without even needing to boot up my console. (5 stars, posted 1 month ago)
3. Fantastic TV with an amazing ecosystem. I love the One UI Tizen interface and how seamlessly it connects to my SmartThings devices using the 3D Map View. The SolarCell remote is a great eco-friendly touch, too. The picture is stunning, but you definitely need to buy a separate soundbar for a screen this big, as the built-in 20W speakers don't quite match the massive cinematic visuals. (4 stars, posted 3 months ago)
