

65" QLED Q8F 4K Samsung Vision AI Smart TV (2025)

Price: Rs. 359,999.00 (Original Price: Rs. 370,999.00 - Save Rs. 11,000.00)

Features

- **A smarter voice assistant (Bixby)** With updated intelligence, Bixby in your Samsung AI TV is the perfect center of your AI home. It can process multiple commands at once, and it's better at grasping the wider context. Enjoy smoother conversations, easier searches, more intuitive reactions and seamless device control.

Voice commands and multi turn is supported for 10 languages (US/UK/IN(en)/DE/FR/IT/ES/BR/MX/KR). Not all accents, dialects and expressions recognized. Q8F and above support far-field mics. Q7F and above support TV remotes. U8000F needs a SmartThings mobile remote.

- **Settings that intelligently optimize picture and sound (AI Mode)** AI Mode offers a quick-access menu to adjust adaptive picture and sound settings, intelligently optimizing your TV experience to your surroundings and the content you're watching.

Not supported in Q8F 32 inch.

- **Enjoy sound optimized to your content and space (Adaptive Sound+)** Your TV adjusts its sound based on real-time scene analysis, following every moment on screen and optimizing according to the type of content. It also fine-tunes the sound based on your room's acoustics and how the TV is set up.

Experience may vary depending on the content and environment.

- **Make your own mood-matching wallpapers with AI (Generative Wallpaper)** Choose keywords for the ambiance you want, and let AI work its magic. Your TV will generate beautiful, one-of-a-kind images that can change the atmosphere of your home.

The number of generation attempts allowed per day may be limited.

- **Feel the power of AI in 4K (Q4 AI Processor)** Samsung's AI processor helps optimize any viewing and sound experience for 4K TVs.

Viewing experience may vary according to types of content and format. Upscaling may not apply to PC connection and Game Mode.

- **A billion shades of color (100% Color Volume with Quantum Dot)** Real Quantum Dot technology delivers our finest picture ever. With Color Volume 100%, Quantum Dot takes light and turns it into breathtaking colors that stay true at various level of brightness.

100% color volume measured to DCI-P3 standard, certified by VDE.

- **Real Colors, Real QLED. You deserve nothing less.** Vibrant and accurate colors amplified by Samsung's Quantum Dot sheet without cadmium that delivers 100% color volume.

The SGS logo is a variation of the original SGS logo for marketing purposes.

- **Intelligently enhanced color expression (Color Booster Pro)** AI recognizes each scene and enhances color expression accordingly, so your viewing experience becomes more vivid and dynamic.
- **A brighter cinematic experience with a wider range of contrast (Quantum HDR+)** Meet a new level of HDR that dynamically analyzes each scene to deliver better brightness and contrast. Quantum HDR+ creates more immersive colors and richer details, allowing you to enjoy a better cinematic experience. HDR 10+ now streaming on OTT services.

HDR10+ availability may differ by content. Available OTT services may differ by country. Separate subscriptions required for certain streaming services. Terms apply. The range of Quantum HDR luminance is based on internal testing standards and is subject to change according to viewing conditions or specifications. For Q8F 32 inch : Quantum HDR (HDR10+ support).

- **Enjoy a full range of authentic colors (PANTONE Validated)** As a trusted symbol of color fidelity by industry experts, 'PANTONE Validated' certifies the accurate expression of 2,140 PANTONE colors and 110 newly-added skin tone shades. So you can be sure that you're getting a rich, true-to-life viewing experience.

PANTONE validation received based on HDR screen.

- **Watch your favorite content in 4K (4K Upscaling)** Our powerful 4K upscaling technology ensures you get up to 4K resolution for the content you love.

Viewing experience may vary according to types of content and format. Upscaling may not apply to PC connection and Game Mode.

- **Improved picture clarity with smooth motion (Motion Xcelerator)** Experience a clear picture as your TV estimates the movement between frames, then uses that information to improve motion smoothness for subsequent frames.
- **Seamless AI-driven game optimization (AI Auto Game Mode)** Let your TV detect the type of game you're playing and optimize the settings. You can free yourself from the usual setup hassle and just play.

AI Auto Game Mode is available for certain console and PC games.

- **Fine-tune your game settings as you play (Game Bar)** Optimize your gameplay even more with Game Bar. Samsung TVs give you a handy in-game menu for settings like FPS, input lag, minimap zoom and more. It also lets you apply ultra-wide aspect ratios of 21:9 and 32:9 to expand your view on bigger screens.

Super Ultrawide GameView (21:9, 32:9) is available for certain PC and console games supporting ultrawide screens. Some game titles may not support this feature. Game Bar's Zoom-in mode is not supported for certain refresh rates. Game Bar UI is subject to change without prior notice.

- **TV and soundbar play together in smooth harmony (Q-Symphony)** Surround yourself with beautifully orchestrated sound. Samsung technology syncs the TV and soundbar audio to play simultaneously — without muting the speakers of either device.

Check for Q-Symphony compatibility on soundbar product specifications. Soundbar sold separately. The location and number of speakers may vary depending on the model.

- **Immersive virtual sound that tracks the action (Object Tracking Sound Lite)** 3D surround sound with our virtual top channel audio allows you to be immersed in the audio experience.
- **Catch every word without distractions (Active Voice Amplifier)** Enjoy clear dialogue, no matter what's going on around you. Our AI technology enhances voice clarity in response to ambient noise from your surroundings.
- **Personalize your screen experience (One UI Tizen)** One UI Tizen provides a personalized screen experience. With Samsung Tizen OS, it delivers all the latest innovative Samsung features. Your experience is also secured by Samsung Knox across SmartThings devices. Plus, One UI Tizen will support Tizen OS upgrades for the next 7 years.

Content and services may vary by region and are subject to change without notice. Agreement to Smart Hub Terms and Conditions and Privacy Policy is required before use. Some content and services require registration and subscription. Requires Samsung account. Tizen OS upgrades will be supported for up to 7 years starting from 2025, for products released in the year 2025. Please note that the upgrade does not cover hardware-related performance, features or durability.

- **Find world-famous galleries in your TV (Art Store)** Find your ideal artwork from the world's leading museums and artists. Discover new art pieces with relevant and timely selections that complement each season, holiday and mood.

Subscription is required to enjoy all the art from the Art Store.

- **Your privacy. Secured. (Samsung Knox Security)** Your privacy is secure on Samsung TVs. Sensitive data like passwords are protected, connected IoT devices are monitored and malicious apps and sites are automatically blocked. Plus, Samsung's security team helps keep your TV safe with constant updates.

Samsung Knox Security applies to Samsung TVs powered by Tizen, launched since 2015. Latest software update is required.

- **Elevate your day with curated lifestyle experiences (Samsung Daily+)** Find apps and services for health, work and lifestyle on Samsung Daily+. You can access SmartThings, Workout Tracker, karaoke and more, all in one place.

Samsung is not responsible for any third-party services, and is not liable for any damages or losses caused by any third-party services.

- **Access useful info even when your TV is off (Daily Board)** Have useful widgets appear on your TV throughout the day. Even when your screen is off, your TV can detect when users come nearby and activate to display Daily Board. You can customize it with widgets like Weather, Memo, Music and more. Daily Board can also be activated hands-free by voice command.

Supported widgets vary by region and are subject to change without notice.

- **Connect and manage your smart home devices, all from your TV (SmartThings)** With a built-in smart hub, your TV can connect and control smart devices — even those requiring Matter and HCA compatibility. You can also get notifications about your devices straight from the screen, including a 3D Map View that shows your entire smart home system at a glance.

Available technology, functions and features may vary by country, service provider, network environment or product, and are subject to change without notice. Requires a Wi-Fi, Bluetooth or other wireless network connection and login to Samsung account. Connected devices are sold separately. Use of calm technology requires agreement to privacy notices from both SmartThings and the auto-registered device. TV and mobile device must be connected to SmartThings to use 3D Map View function. UI is subject to change without prior notice.

- **Gestures to control with your watch (Universal Gestures)** Easily control your TV with your smartwatch. Just wear your Galaxy Watch and use hand gestures, like pinching to select an option, or moving your wrist back and forth for pause and play.

Available apps and services may vary and are subject to change without notice. Only supported on Galaxy Watch4 and later models, and Wear OS 5 and higher versions.

- **Save energy with intelligent analysis (AI Energy Mode)** Energy saving made easy with SmartThings. By turning on AI Energy Mode, it auto detects surrounding light levels and analyzes usage behaviors to adjust the brightness. Also, it analyzes the content scene-by-scene to subtly adjust brightness where possible, to manage energy consumption.

Energy saving rate may vary by region, model, size, viewing conditions and type of content. Products shipped in Eco Mode have some AI Energy Mode functions enabled by default, so energy saving levels when AI Energy Mode is turned on may appear lower compared to Standard Mode. AI Energy Mode does not work with Game Mode. Energy savings are based on internal test results and may vary depending on the content being displayed and surrounding brightness levels.

- **Control your TV from your phone (Quick Remote)** Through your mobile device, you can access key Samsung Tizen TV features such as media, features, ambient mode and menu. Quick Remote can also act as your TV remote, allowing you to change channels, adjust the volume and more right from your phone.

Push notifications for mobile remotes for TVs are available on (Mobile) Android OS 10.0 and higher versions with (TV) 2020 Samsung TVs and later models, and operates when the mobile device is near the TV. Samsung Smart TV feature access is available on (TV) 2024 Samsung TVs and later models with (Mobile) Android OS 10.0 and higher versions or iOS 15.0 and higher versions.

- **Transform your TV into a karaoke stage (Karaoke)** Have fun with friends and family with the karaoke feature in Samsung Daily+. You can even connect your phone to use as a mic. No need for any separate equipment — your singing setup is already here.

Requires SmartThings app to be installed on the mobile device and connected via the same Wi-Fi network as the TV set. Mobile mic is optimized only for Galaxy S23 or later models and iPhone 15 & above. You must download the Karaoke app from Tizen to use the Karaoke function. An additional paid subscription is required for this service after 6 months of free use. (Users can access 5 songs per day for free without a subscription.)

- **Sleeker and slimmer than ever (AirSlim)** An elegantly slim design that blends seamlessly into your wall.
- **Adjust your TV with more freedom (Adjustable Stand)** Get an optimal viewing experience by easily adjusting the spatial position of the TV as desired with the Adjustable Stand. It's also perfect for fitting a soundbar underneath.

Stand adjustment is not available for 32" or center-type stands. Width adjustment feature available with Q8F 55" and above only.

- **Charge it with light (SolarCell Remote)** With a solar panel on its back, our SolarCell Remote is charged by light — no need for disposable batteries. And with smart features like a built-in microphone and voice assistant, this remote is innovative in more ways than one.

To charge the remote with solar energy, set the TV remote down with the solar panel facing up. Place it in your living room while your lights are turned on, or you can place it near a window where it will soak in natural sunlight. In case the remote's battery is depleted, you can charge it using a USB-C cable. To check the remaining battery level of the remote control, refer to the TV Menu (Settings > General & Privacy > Power & Energy Saving > Available Remote Battery).

Specifications

Product Type

- **Type:** QLED

Display

- **Screen Size:** 65"
- **Refresh Rate:** 50Hz
- **Resolution:** 4K (3,840 x 2,160)

- **Storage Share:** Yes
- **Generative Wallpaper:** Yes
- **Karaoke Mic:** Yes

Game Feature

- **Auto Game Mode Allm:** Yes
- **Game Motion Plus:** Yes
- **Super Ultra Wide Game View:** Yes
- **Game Bar:** Yes
- **Mini Map Zoom:** Yes
- **Light Sync:** Yes (AE only)
- **Ai Auto Game Mode:** Yes

Tuner Broadcasting

- **Digital Broadcasting:** DVB-T2CS2
- **Analog Tuner:** Yes
- **Tv Key Support:** Yes

Connectivity

- **Hdmi:** 3
- **Usb:** 2 x USB-A
- **Hdmi High Frame Rate:** 4K 60Hz (for HDMI 1/2/3)
- **Ethernet Lan:** 1
- **Digital Audio Out Optical:** 1
- **Rf In Terrestrial Cable Input:** 1/1(Common Use for Terrestrial)/1
- **Wi Fi:** Yes (Wi-Fi 5)
- **Bluetooth:** Yes(5.3)
- **Anynet Plus Hdmi Cec:** Yes
- **Hdmi Audio Return Channel:** eARC/ARC

Design

- **Design:** AirSlim
- **Bezel Type:** 3 Bezel-less
- **Front Color:** BLACK
- **Stand Type:** AERO LINEAR
- **Stand Color:** BLACK

Additional Feature

- **Art Store:** Yes
- **Embedded Pop:** Yes
- **Epg:** Yes
- **Extended Pvr:** Yes
- **Ip Control:** Yes
- **Osd Language:** Local Languages

Accessibility

- **Voice Guide:** English (UK),French (France),Hindi (India),Korean (Korea),Russian (Russia)
- **Low Vision Support:** Audio Description, Zoom Menu and Text, High Contrast, SeeColors, Color Inversion, Grayscale, Auto Picture Off
- **Hearing Impaired Support:** Closed Caption (Subtitle), Multi-output Audio, Sign Language Zoom
- **Motor Impaired Support:** Slow Button Repeat, Remote Control App. for All

Power Eco Solution

- **Eco Sensor:** Yes
- **Power Supply:** AC100-240V~ 50/60Hz
- **Power Consumption Max:** 250 W
- **Auto Power Off:** Yes
- **Auto Power Saving:** Yes

Dimension

- **Package Size Wxhxd Mm:** 1597 x 933 x 148 mm
- **Set Size With Stand Wxhxd Mm:** 1450.9 x 890.0 x 270.4 mm
- **Set Size Without Stand Wxhxd Mm:** 1450.9 x 831.8 x 25.7 mm
- **Stand Basic Wxd Mm:** 1049.7 x 270.4 mm
- **Stand Minimum Wxd Mm:** 308.3 x 270.4 mm
- **Vesa Spec Mm:** 400 x 300 mm

Weight

- **Package Weight Kg:** 28.2 kg
- **Set Weight With Stand Kg:** 21.2 kg
- **Set Weight Without Stand Kg:** 20.7 kg

Accessory

- **Remote Controller Model:** TM2360E
- **Slim Fit Wall Mount Support:** Yes
- **Optional Stand Support Y20 Studio:** Yes

- **Mini Wall Mount Support:** Yes
- **User Manual:** Yes
- **Full Motion Slim Wall Mount Y22:** Yes
- **Webcam Support:** Yes
- **Zigbee Thread Module:** Built-In
- **Power Cable:** Yes

Reviews

1. The Generative Wallpaper feature is absolutely mind-blowing—I love being able to use AI to create custom backgrounds that match the mood of my living room. The picture quality is stellar, and the Q4 AI Processor makes even older 1080p movies look incredibly crisp in 4K. (5 stars, posted 2 weeks ago)
2. The Active Voice Amplifier is a lifesaver; I can finally hear dialogue clearly over the background noise in my house without constantly riding the volume button. We also tried out the Karaoke feature on Samsung Daily+ using our phones as mics, and it was a huge hit with the kids! (5 stars, posted a month ago)
3. Incredible TV for gaming. The AI Auto Game Mode instantly recognizes when I turn on my console, and the Game Bar makes it super easy to adjust my settings. My only small issue was that setting up the 3D Map View for my SmartThings devices took a bit of trial and error, but it works flawlessly now. (4 stars, posted 3 months ago)
