

Top Mounted Freezer Non-Plumbed Dispenser 540L

Price: Rs. 376,999.00 (Original Price: Rs. 456,999.00 - Save Rs. 80,000.00)

Features

- **Save energy intelligently (SmartThings AI Energy Mode)** Reduce your energy use by up to 10% with AI Energy mode in SmartThings Energy. If your estimated electricity bill exceeds a preset target, it gives you an option to save energy. It intelligently adjusts the compressor speed and defrost cycle, based on your usage pattern and surroundings.

The test results are based on a comparison of the factory setting temperature when using AI Energy mode and without using AI Energy mode. Results may vary depending on the usage conditions and patterns. Available on Android and iOS devices. A Wi-Fi connection and a Samsung account are required. SmartThings will display a notification before activating the saving algorithm in both 'Maximum mode' and 'Custom mode'.

- **Easily switch modes (Convertible 5-in-1)** Enjoy your flexible storage. Using Twin Cooling technology, the Convertible 5-in-1 feature lets you switch between 5 smart modes. Simply convert the freezer into a fridge to store more fresh food. Switch the fridge or freezer off to save energy. Or use the freezer as a small fridge.

The 5 smart modes are available with the buttons inside the refrigerator. Regular (Both freezer and fridge ON), Energy Saving (freezer OFF, fridge ON), Vacation(freezer ON, fridge OFF), Fridge Max(Convert the freezer into a fridge and both fridge ON), and Mini Fridge(Convert the freezer into a fridge and power ON, bottom fridge OFF).

When the refrigeration or freezing functions are in off mode, the temperature of the fridge or freezer remains under 15°C, using low electricity, to prevent mold and odors. The fridge or freezer cannot be powered off independently. DO NOT STORE FOOD OR BEVERAGES IN THE REFRIGERATOR WHEN THE REFRIGERATION OR FREEZING FUNCTIONS ARE IN OFF MODE. 15°C IS NOT COOL ENOUGH TO PREVENT SPOILAGE.

- **Moist freshness (Twin Cooling Plus™)** Ensure food stays moist and fresh for longer. Twin Cooling Plus™ adjusts the temperature and humidity in the fridge and freezer using independent evaporators, fans and vents. It preserves food in the ideal conditions and protects its flavor by preventing odors from mixing between compartments.

Based on Internal testing. Tested in following methods: 32°C surrounding temperature, 3°C refrigerator setting, located on the 1st shelf of the fridge, 24 hours interval for date reading time. Compared to RT53H(RT6000H, Mono Cooling TMF) and RT38F/22F(3050 TMF, Mono Cooling TMF).

- **Stylishly minimalist (Modern / Sleek Design)** Give your home an elegantly sleek and modern look. The clean and contemporary design features strikingly beautiful flat doors with a premium silver deco around the edge and recessed handles that don't protrude. So it will fit seamlessly with kitchen appliances and enhance the look of your home.
- **Smart cooking. Tasty food. (SmartThings Food)** Manage, prepare and buy food more effectively. SmartThings Food lets you create a list of the food in your refrigerator and manage expiry dates, so you

can check what you have anytime, anywhere. It also recommends personalized recipes based on your preferences and existing ingredients.

Available on Android and iOS devices. A Wi-Fi connection and a Samsung account are required.

- **Efficient energy use. Smart savings. (SmartThings Energy)** Manage your energy usage, save energy, and track your carbon footprint. SmartThings Energy provides energy efficiency tips. It also monitors the energy consumption of appliances in real-time and compares it to the previous month. And it alerts you if your monthly targets might be exceeded.

Available on Android and iOS devices. A Wi-Fi connection and a Samsung account are required. SmartThings Energy currently works with around 40 Samsung home appliances that are SmartThings enabled. These include refrigerators, washing machines, clothes dryers, dish washers, air conditioners, air purifiers, vacuum cleaners, ovens, hoods, cooktops, microwave ovens, TVs (from June 2022) and energy meters.

- **Smart maintenance. Easy upkeep. (SmartThings Home Care)** Monitor and take care of the refrigerator easily. SmartThings Home Care provides real-time monitoring and alerts. You can check its status, including the condition of the water filter. It also automatically notifies you if parts need replacing or problems are detected, and suggests a solution.

Available on Android and iOS devices. A Wi-Fi connection and a Samsung account are required.

- **Uplift your everyday with new routines (SmartThings Routines)** Now your home can keep up with your busy schedule. SmartThings lets you automate your home so your daily life can become more convenient and efficient.
- **Control anywhere (Wi-Fi Embedded)** Monitor and manage your refrigerator anytime, anywhere. Its enabled Wi-Fi lets you track and adjust its performance using the SmartThings App. You can easily control the cooling mode, change the temperature and get alerts if the door is left open. It will also detect and help diagnose issues.

Available on Android and iOS devices. A Wi-Fi connection and a Samsung account are required.

- **Prevent light glare (SmartThings Lighting)** Avoid your eyes being strained if the light is too bright. SmartThings Lighting on the SmartThings App lets you set the brightness of the internal lighting. Dimming mode will also turn it on gradually, while Night Light mode adjusts the brightness based on whether it is daytime or nighttime.

The SmartThings App is available on Android and iOS devices. A Wi-Fi connection and a Samsung account are required.

- **Ice and simple (Twist Ice Maker)** Get ice easily with the Twist Ice Maker. A single twist is all it takes to dispense a large quantity of ice cubes, which drop into the storage bin underneath. You can even take the bin out to serve ice wherever you like. So you never have to run out of ice or bash ice cubes out of trays!
- **Holds large items (Height Adjustable Shelf & Guard)** Make good use of your storage space and quickly access your favorite food and drinks. The Height Adjustable Shelves can be adjusted to fit tall bottles, cartons and other large food items. The Big Guard shelf in the door can also store bulky containers of milk and fruit juice or big bottles.

- **Cool drinks & looks (Water Dispenser (Optional))** Enjoy a simple way to look and stay cool. The BPA free Water Dispenser complements the minimalist design of modern kitchens. It is seamlessly integrated into the front of the door with minimal controls. So you can quickly get refreshingly chilled, filtered water without opening the fridge.

Bisphenol A (BPA) is found in polycarbonate plastics and epoxy resins, which are often used in food and beverage containers, and has been linked with possible adverse health effects. Available on certain models.

- **99.99% less bacteria (Active Fresh Filter (Optional))** Keep the fridge clean and hygienic, reducing the risk of food being contaminated. An Active Fresh Filter removes 99.99% of certain bacteria on the filter's surface. Air passes through an activated carbon filter, so it is sterilized and deodorized, and an anti-bacterial mesh removes bacteria.

Available on certain models. Based on testing by Intertek, it removes 99.99% of certain bacteria (Staphylococcus aureus and Escherichia coli).

- **Preserve produce (2nd Veg Box (Optional))** Keep extra vegetables and fruit for your daily use. The 2nd Veg Box lets you easily store and access perishable, soft texture produce like berries, tomatoes and mushrooms away from other foods. It also protects them from being damaged in crowded drawers and tainted by the smell of other food.

Available on certain models.

- **Fast cool & freezing (Power Cool / Power Freeze)** Enjoy a rapid cooling performance. At the touch of a button, Power Cool blows intensely cold air into the fridge to quickly cool your groceries or favorite drinks. Power Freeze delivers a fast blast of cold air into the freezer. It is great for freezing or firming up frozen food and making ice.

Power Freeze function is only available in SmartThings app, not on the product display.

- **Store vegetables (Veg Box)** Stop struggling to find space for the things you use every day. The Veg Box is a big capacity crisper that provides a convenient space to store a lot of fresh vegetables and fruit. It makes it easy to find everything you eat regularly. They are all in one place, without taking up kitchen space.
- **Efficient compressor (Digital Inverter Technology)** Enjoy great energy efficiency, little noise and a long-lasting performance. The new high-efficiency Digital Inverter Compressor adjusts its speed in response to cooling demand. So it is quiet, wastes little energy and works for a long time, backed-up by a 10 year warranty on the compressor.

10 year warranty is limited to the compressor only.

- **Easy to clean back (Clean Back)** Clean the back of your refrigerator easily. The Clean Back is a completely smooth safety cover for coils and cables. It looks neat, is easy to wipe clean and provides added durability and safety. It stops dirt from collecting around components, protects them from knocks and is non-combustible.

Specifications

Overview

- **Net Total Liter:** 524 ℓ
- **Net Weight Kg:** 77 kg
- **Net Dimension Wxhxd Mm:** 790 x 1855 x 725 mm

Capacity

- **Net Total Liter:** 524 ℓ
- **Net For Freezer Liter:** 125 ℓ
- **Net For Refrigerator Liter:** 399 ℓ

Physical Specification

- **Net Dimension Wxhxd Mm:** 790 x 1855 x 725 mm
- **Packing Dimension Wxhxd Mm:** 846 x 1944 x 770 mm
- **Net Weight Kg:** 77 kg
- **Packing Weight Kg:** 84 kg

- **Door Handle:** Recess
- **Color:** Black DOI
- **Dispenser Type:** Water Dispenser

Performance

- **Energy Efficiency Class:** A+
- **Climate Class:** T
- **Cooling Capacity Kg 24H:** 6 kg/24hr
- **Energy Consumption Kwh Year:** 325 kWh/year

Smart

- **Wifi Embedded:** Yes
- **App Connectivity:** SmartThings App Support Yes

Reviews

1. After a few days it was making loud noises now after 11 months stopped working. Don't buy. Fridge door handles loose, service centre promises to come but does not stick to appointment and says that i dont stay to appointment. Cons: Poor quality, Did not meet expectations. Response from Samsung South Africa: Thank you for bringing this matter to our attention. We sincerely regret the inconvenience you have experienced with Samsung product. To assist you further, we will ensure that this feedback is reviewed by our Customer Services team. (1 stars, posted 2 months ago)
