Features

- **Galaxy AI is here (Face-to-face / Over the phone)** Elevate your Galaxy AI experience with Galaxy Buds FE. Now you have a translator right in your ear. Turn on the translation features on your Samsung Galaxy smartphone with Galaxy Buds FE on. Make friends with no language barrier when talking face-to-face or over the phone. Keep your Galaxy Buds FE on, even when making a friend during a trip. Just turn on the Interpreter app and it will translate right into your ears. Then Galaxy Buds FE will catch your words and Samsung Galaxy smartphone's speaker will translate to your new friend. Interpreter feature requires Samsung Account login. Certain languages may require language pack download. Service availability may vary by language. Accuracy of results is not guaranteed. Live Translate feature requires a network connection and Samsung Account login. Live Translate feature is only available on the pre-installed Samsung Phone app. Certain languages may require language pack download. Service availability may vary by language, country, region or carrier. Accuracy of results is not guaranteed. Galaxy AI features are supported on Galaxy S24 Ultra, S24 Plus and S24 as of Feb. 2024. Samsung Galaxy devices may require the latest software update to properly support Galaxy AI features. Images simulated for illustrative purposes. Actual UX/UI may be different.
- **Your everyday audio companion** Galaxy Buds FE, with their compact and ergonomic design, are here to deliver an outstanding listening experience. Block out unwanted noise with Active Noise Canceling, personalize the fit with various tips and seamlessly sync with your Samsung Galaxy devices. Experience the everyday audio companion that truly caters to you. Galaxy S23 FE and Galaxy Tab S9 FE sold separately. S Pen included with Galaxy Tab S9 FE. Image simulated for illustrative purposes. Actual UI may be different.
- **Timeless hues to match any tune** Graphite and White are two timeless colors that keep you in style. They blend well with your everyday outfits, making them a versatile choice for any occasion.
- **A pair of comfort for your ears** Galaxy Buds FE's small, ergonomic design gives added comfort as they snugly nestle in your ears and stay securely in place. Customize your earbud fit with different size choices for both wing tips and ear tips.
- **Easy touch and secure grip** The clear distinction between the touch area and the grip area makes it easy for you to control your music and calls while keeping them securely in place. Available colors may vary by country or carrier. In-box items include the Galaxy Buds FE, a charging case, two sets of wing tips(S/M, M/L(default)), three sets of ear tips(S, M(default), L), a USB cable and a quick start guide. Find your fit with the "Earbud fit test" menu in the Galaxy Wearable app.
- **Turn the world off with powerful ANC** Noise off, your world is on. Active Noise Canceling instantly puts you alone with your music in a quiet space. Keep the distractions out and immerse yourself in the pure sound. ANC(Active Noise Canceling) is on by default, and the touch and hold gesture for ANC can be configured in the Galaxy Wearable app.

- **Silence at your fingertip** Turn the Active Noise Canceling on or off by simply touching and holding the touch area. If you want to talk to your buddy beside you, you can also switch to Ambient Sound mode to hear them without having to take off your earbuds. To change the 3 levels of ambient sound volume, on Galaxy Wearable app, go to Earbuds Settings > Accessibility > Customize ambient sound. The touch and hold gesture for ANC can be configured in the Galaxy Wearable app. Video simulated for illustrative purposes only and may not be an exact representation of the product. Actual measurements may vary.
- **Enriched Bass Sound** Indulge in rich sound of Galaxy Buds FE with deep, powerful bass from the new 1-way speaker, no matter what you're listening to. Image simulated for illustrative purposes.
- **On and on with long-lasting battery** Compact in size, yet powerful. The battery lasts for up to 30 hours on a single charge, keeping up with your long playlist of songs, podcasts or social media videos throughout your day. With ANC off, earbuds and case provide up to 30 hours of play time on a full charge. With ANC on, they provide up to 21 hours of play time on a full charge. Based on internal testing. Play time tested by pairing a pre-production Galaxy Buds FE to a recently released Galaxy smartphone with default settings. Actual battery life may vary and depend on usage conditions, settings, number of times charged, Bluetooth signal strength, and other factors. 'Play time' refers to when the Galaxy Buds FE are connected to the phone, streaming music. Play time may vary based on settings.
- **Clear and crisp calls (Your voice delivered with precision)** Enjoy clear calls with three microphones on Galaxy Buds FE. Main Mic, Sub Mic and Inner Mic all work in harmony to accurately capture your voice, so your words reach the other end loud and clear.
- **Your earbuds, personalized for you** Galaxy Buds FE use Personalized Beamforming to automatically adjust to your wearing pattern for the optimal pickup of your voice. Put them on and they'll locate your voice when you start talking.
- **Be heard above the noise** Whether you're in a bustling city or on a windy hilltop, your voice cuts through the noise on phone calls thanks to Galaxy Buds FE's DNN solution that adeptly filters out background noise from your voice.
- **Switch to devices without pause** Your sound follows you seamlessly as you pair with other Samsung Galaxy devices using Auto Switch, or connect with a touch or Bixby. Your sound even stays with you as you switch the playback device from your smartphone to your TV via Smart View, so you can continue watching your show on the bigger screen without missing a beat. Auto connection with Smart View is only available on Samsung TVs released from 2023 and through a firmware update from September 2023. Auto Switch is currently unavailable on PC. Galaxy Buds FE are compatible with Galaxy smartphones and tablets running Android 8.0 or later and with more than 1.5GB of memory. Auto Switch feature is only available on Galaxy smartphones and tablets with One UI 3.1 or later, and on Galaxy Watch4 or later. The devices must be logged in to Samsung Account to enable Auto Switch. Supported earbuds include models released after Galaxy Buds Plus (Buds Plus, Buds Live, Buds Pro, Buds2, Buds2 Pro and Buds FE).
- **Hi Bixby, play my favorite song** Turn on Bixby Voice wake-up mode and use your voice to check the weather, search songs, text your friends and more. Simply say "Hi, Bixby" and ask Bixby to do it for you. Bixby service availability may vary by country, carrier and device. Galaxy Buds FE must be connected to a smart device with a data network or Wi-Fi connection to fully operate Bixby features; Samsung

Account login also required. Availability of Bixby features and content providers may vary by country or language; Bixby only recognizes certain accents and dialects of English (UK), English (US), French (France), German (Germany), Italian (Italy), Korean (South Korea), Mandarin Chinese (China), Spanish (Spain) and Portuguese (Brazil).

- **Lost and found in a blink** Lost your earbuds? Well, it won't be for long. Track them down using the location of your missing earbuds. When they're found by someone else's phone, your contact information will be shared with them along with a 'Lost and Found' message. Keep your Galaxy Buds FE within reach. Lost Mode is activated when a Samsung Galaxy device other than the owner's attempts to pair with your lost Galaxy Buds FE via Galaxy Wearable app. Requires Lost Mode to be turned on under settings. Contact information must be entered under settings in advance. Lost Mode is not available for the charging case of the Galaxy Buds FE. Contact information and message must be registered beforehand on the SmartThings app to have it shown on the finder's device on Lost Mode. The finder's device must be connected to the internet and enabled to display the pre-registered contact information upon device pairing. Feature availability may vary depending on the device compatibility.
- **Friendly reminder to grab your earbuds** Forget anything? Galaxy Buds FE give you an alarm when you leave your earbuds behind, so you won't have to walk back miles. When the battery runs out, it tracks based on the last connected location. The SmartThings application is only available on Samsung Galaxy devices with Android 9.0 or later. SmartThings Find is not supported in China Mainland. To receive notification from SmartThings application, you must turn on the notification under settings.
- **Tune your audio to your taste** With the Galaxy Wearable app, you can quickly personalize the settings of your Galaxy Buds FE straight from your Samsung Galaxy devices. From the equalizer to Bixby Voice wake-up, the intuitive and easy-to-use settings let you tune your earbuds to your taste in no time. Galaxy Wearable app is also available on PC.
- **Your favorite accessories still fit** Continue using that case cover you love on Galaxy Buds FE since the devices are compatible with cover accessories for Galaxy Buds2, Galaxy Buds2 Pro and Galaxy Buds Live. Enjoy your Buds without parting with your favorite case cover. Image simulated for illustrative purposes. Case cover availability may vary by country and carrier.
- **More ways to enjoy FE** The FE family is here to make your life awesome. Benefit from the synergy of our family products, designed to work together seamlessly. Products sold separately. Image simulated for illustrative purposes. Actual UI may be different. Clip Studio Paint membership required. Preload supported in select markets. Clip Studio Paint can be downloaded from the Galaxy Store in select markets.

Reviews

1. I bought the headset and everything was fine, then today I was surprised by this deadly crack in the headset. The crack cuts her in half, as if she was saying goodbye to me. Note that the headset has not been subjected to violence in any way or at any time. (3 stars, posted a year ago)
2. Really good entry level buds for the price tag. Really good fit, feel comfortable for long hours of usage. Good Noise cancelation. Seamless integration with Samsung devices. (5 stars, posted 2 years ago)
3. I bought this and it was very good and after a week for purchasing it I have a big problem in ANC, the problem is, there is a wind noise in the right ear I don't know why (4 stars, posted a year ago)
4. I really like this. I have had it since April, and audio quality is amazing, and the ANC and ambient sound are great. Only issue is the microphone is not great. (4 stars, posted 7 months ago)
5. Bought these at Best buy for my Mom she doesn't hear very good but she said these sounded great. Price was right \$99 overall definitely a 5 star. (5 stars, posted 2 years ago)

6. I didn't expect the high quality of the earbuds fe Love it (5 stars, posted 8 months ago)
